July 8, 2016

Groveton Water Dept PWSID# 1781010

The following is a summary of leak detection performed on approximately 20 miles of the Groveton Water Department's water distribution system.

This survey was performed for the State of New Hampshire, Department of Environmental Services, Drinking Water and Groundwater Bureau

The system was surveyed using correlating noise loggers and ground microphones on all portions of the distribution system.

Four leaks were discovered during this survey. The total loss of these leaks is approximately 39.5 to 79 gpm. The actual amounts are to be confirmed during the repair of the leaks.

Main Leaks:

1st Street at Grand View Dr, Leaking 25-50 gpm 47 Brooklyn St, Main or abandoned service leaking 10-20 gpm

Service Leak;

53 Cumberland St, Service Leaking 4-8 gpm

Hydrant Leak;

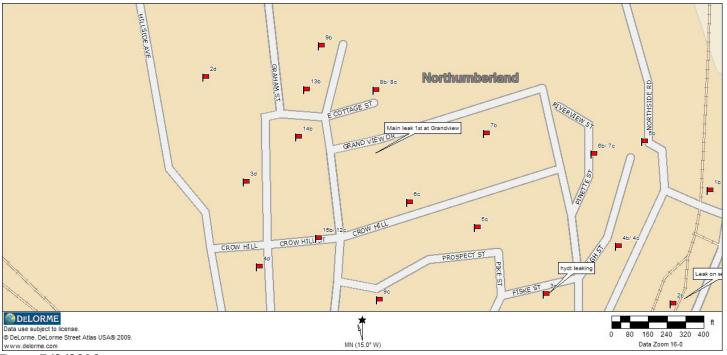

Hydrant on Odell by Fiske, Hydrant Leaking, 1/2-1 gpm
