2017

This letter is to document that we have agreed on a payment plan for your outstanding 2016 water and sewer balance. As long as this payment plan is enforced your water will not be shut off. Should you miss a payment, your water will be shut off until such time as all outstanding balances are paid off. This will be the only payment plan the Town makes. You have agreed to pay \$_____ per _____ (minimum of \$100 per month) starting _____. ***The 2017 tax lien date is May 4, 2017. Any past due balance will go to lien. This is only a payment arrangement and does not protect your balance from going to lien. To avoid a lien on your deed please have the entire amount due paid off by May 4, 2017.***
