      1. 2019 we have had 123 calls to date.

      2. 2018 there were 116 calls for the same time period.

      3. We are currently up 7 calls from last year’s numbers.

      4. We have had 36 requests for transfers to date. 9 accepted, 27 declined.
         Declined:  3 – no medic
         2 – no second provider
         19 – no crew
         3 – weather

      5. Comstar report:  Gross commitments - $76,264.00. Total collected for 2019 to

      6. We have started the order for the 3 Zoll Cardiac monitors.

      7. All ambulances have been serviced, oil and filter changes, alignments, tire
         rotations and replacement where needed.

      M. Phillips asked what no second provider means, J. Gibson gave an example – the
      State of NH requires 2 licensed attendants for a transfer.  We always make sure the
      911 calls are covered, it would be rare if we didn’t have coverage.
C. Wheelock said Robin Irving has a grant that will possibly cover the cost of the Zolls. Wheelock asked if there is a way to track usage by ambulance. J. Gibson said he can do a total for each.

At Town Meeting is was brought up that one of the Zolls is out; J. Gibson said we took one out of mothballs that Stratford had so everything is current and working until June when the M series go out of service. Zoll will be taking our old ones in trade. He told the company if it’s something they can fix and it doesn’t come back on us, usually it’s approx. $5,000 to fix them, so Gibson will have them hold off.

N. Merrow asked about missed calls because people weren’t available; Gibson said we cover the 911 calls, that pertains to transfers. We used to give them a stipend to be on call, which worked for a while.

Chief Peter Pelletier – Police Dept.
Since the last report we have had 10 new investigations, made 7 arrests - 2 were summons; investigated 3 MV accidents.

Last week he attended Use of Force Training in Concord with one of the part time officers. We have been working with an agency for training, they have a simulation room. By the next meeting Dennis Miccuci will be sent for Field Officer training school.

Pelletier will be moving forward with the budget, he has done some initial testing and hopes to hire another full-time officer soon.

Alyssa is scheduled to graduate from the Police Academy April 26. We received a report card on her; she has leadership ability, sets a good example for others.

e. Discuss letter from North Country Council - 2020 Regional Transportation Plan Input
Peter wrote a letter, they can schedule a joint meeting between the Planning Board and/or Zoning Board. Will plan to add the Select Board to Peters letter and will share with the Planning Board at their April meeting.

Al Rossetto asked about attending these meetings; he has been in the past and asked if he should continue. It is stuff that will affect the Town because it is a 10-year plan, if Robin Irving has something to bring up he can take it with him. A lot doesn’t have anything to do with Groveton. J. Weagle said if he goes and doesn’t get anything out of it, it’s a waste of time.

AVVRKD is a 3-year appointment – Rossetto was re-appointed last year.

N. Merrow asked if the Regional Transportation Plan is the same as they have been talking about for the last 10-15 years. She went to one approx. 20 years ago and it was concerning mainly the rail lines.

   b. N. Merrow, reading the minutes from the last meeting, the Board went into Non-
Public, came out of Non-Public and then had a discussion with the Chief. This should have been a public session. The Board goes into regular session again after adjourning Non-Public, it must not have been noted in the minutes, usually it is.

c. J. Kennett commented as a Town we voted to help with W/S at the Mill site – $400,000. Was that on the taxpayers or a grant. This was a bond. J. Weagle said we have the bond and grants. C. Wheelock is not sure of the dates, but if the jobs that were part of the grant don’t get filled; we could possibly be on the hook for the grant money. The Towns share is $400,000 that’s in a bond. Worst case the Town could be on the hook for the grant portion $800,000.
